

Six Antioch area students have just completed their European study-tour with World Academy Schools for Foreign Study. Three of the students, from left, are Dee Wachta, Lake Villa, Suzanne Gerasch, McHenry, and Les Surrock, of Antioch, pictured in Rome.

Students Home From Europe

Several students from the Antioch area have recently returned from Europe where they were studying with World Academy Schools for Foreign Study.

They are:
Roberta Liberty, P. O. Box 236, Antioch, Laura Ofstedahl, 505 Rte. 173, Antioch, Les Surrock, Rt. 2, Box 223, Antioch, Kathleen Koenig, 205 North Lake Shore, Lindenhurst, Dee Wachta, 907 Rustic Drive, Lake Villa, and Suzanne Gerasch, 3509 W. Pearl St., McHenry.

They were enrolled in Political Science courses.
Their itinerary included Italy, Switzerland, France, Belgium, Germany, the Netherlands, and England.

They were among almost 3,000 World Academy students enrolled in European programs this summer.

World Academy, a Cincinnati, Ohio-based school, arranges accommodations and classroom facilities with such European universities and schools as the Universidad de Madrid in Spain, Brunel University and Leeds University in England, the Universitat von Wien in Austria, and the Domus Paclis in Rome, Italy. Students enroll in 28 and 40-day study/travel courses in a wide range of subjects from "Renaissance and Baroque Art" to "Contemporary European Civilization."

Classes are taught by qualified American and European World Academy staff educators, and field trips are closely related to the chosen course of study.

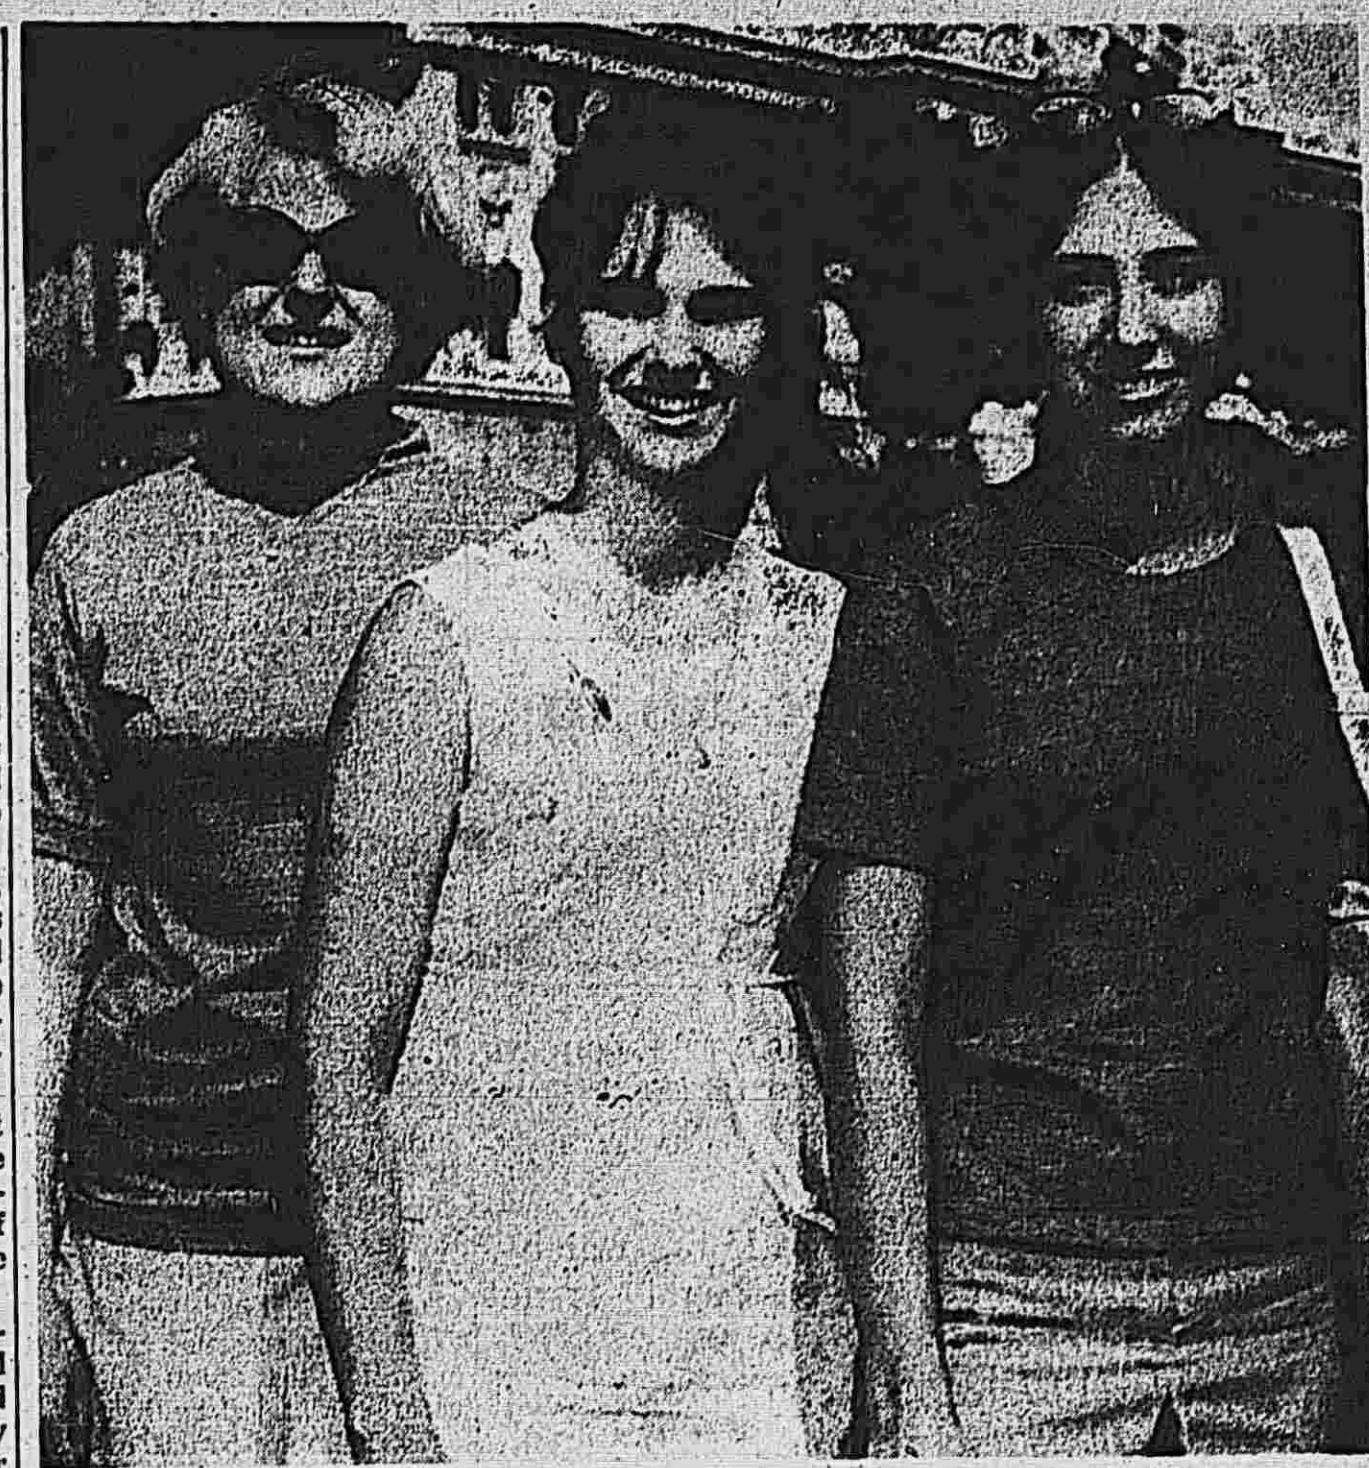

Groups of eight to 16 students are accompanied throughout the study/tour by a carefully selected educator who acts as a "Group Adviser" or chaperone.

According to T. Budge Hyde, president, over 7,000 students will have successfully completed World Academy courses by the end of the summer. The Academy plans on taking 10,000 students to Europe next year.

"We are one of the largest study and travel schools in the United States, and enjoy the fastest rate of growth in the field of study/travel education," Hyde said.

World Academy is a fully-accredited institution with formal academic credit being processed through the Harker Preparatory School, Potomac, Maryland. Over 1,500 American high schools and over 100 U. S. colleges have recognized World Academy/Harker

(Continued on page seven)

The rest of the group, also in Rome, include Laura Ofstedahl, of Antioch, from left, Kathleen Koenig, of Lindenhurst, and Roberta Liberty, of Antioch. The courses they take while traveling are accredited.

Vocational Program At ACHS Increased

Antioch Community High School is opening an additional vocational area of study for students for the 1969-70 school year. The program, functioning for the first time this year is called Distributive Education and is designed for those students interested in careers in retailing and related positions.

Distributive education is a cooperative training program which prepares young persons for distributive occupations (marketing, advertising, display, buying, and those services, occupations which require frequent customer contacts).

Training is designed to meet the needs of each student including those who seek training leading to supervisory and management positions.

Students attend school in the morning and receive supervised work experience in local retail establishments in the afternoon.

A competent teacher coordinator with business experience teaches the related subjects in school and coordinates the student's training program. The employer supervises the trainee's on-the-job activities. Antioch's coordinator is Mr. Keith Ewert.

There are currently 12 students enrolled at Antioch Community High School who will be employed at Ace Hardware, Jewel Food Stores, Payless Food Stores, Montgomery Ward's, and Hein's Clothing Store.

Students in D.E., as it is called, receive 1 high school credit for their work experiences and 1 credit for the D.E. course which is designed to cover all phases of retailing plus the employer-employee relationship, employability, etc.

Within the class is an organized club, D.E.C.A., (Distributive Ed. Clubs of America) which functions to: (1) Help decide club activities, and, (2) Set up its own fund raising activity, in reality a small business, to raise money for a banquet which the club gives to the employers involved in the program and to finance students in attending the state convention in the spring.

Students are introduced to the program in their sophomore year, are required to take Sales and Marketing courses in their junior year and function in the program as seniors.

This program is another in the varied vocational areas available to students at Antioch Community High School which include, (1) Diversified Occupations and Industrial Cooperative Education which are designed to provide trade and industrial occupations for the students on a half time basis and usually requires 2 years of on-the-job training. These occupations require considerable skill and technical knowledge. Occupations open to students in these areas include: auto body repair, (Continued on page two)

Teens To March On Disease

An Army of Teenagers is planning a protest for the whole metropolitan area of Chicago. They plan to hit the pavement for a whole week—from Sunday

Danny Thomas

to Sunday, September 14th to the 21st.

They are protesting the premature deaths of many of their fellow teenagers from Leukemia and cancer.

Entertainer Danny Thomas is the instigator of this unique protest. He has asked the teenagers of America to help him support St. Jude Children's Research

VOL. LXXXIV. NUMBER 11

Village Will Receive More Sales Tax Money

Two ordinances raising the village's cut of retail sales and service taxes were adopted Monday night by the Antioch Village Board.

The village was empowered to increase its share under legislation amended by the Illinois Legislature at its last session.

Under the ordinance concerning sales tax, the village will receive 1 1/2% of the 5 per cent now collected for over the counter sales. This represents a hike of one-half per cent.

Mrs. Marilyn Sterbenz, city

clerk, was, unable to estimate how much more revenue the village will get from the added sales tax.

It was reported that Antioch gets about \$20,000 quarterly as its allotment under the present tax arrangement.

Village Mayor Raymond Toft questioned Village Attorney Edward Jacobs as to whether it was mandatory to increase the sales tax.

"I believe we should take advantage of it," said Jacobs, "otherwise the Legislature will not

give us any more relief."

In a second ordinance, the board hiked the service tax by one-half per cent.

Both measures are effective Oct. 1.

Mayor Toft and Trustees Vern Barnstable and Richard Burnett will visit the 52-acre site of the new Antioch Upper Grade School located at the west of Smart's Restaurant and north of Rte. 173 to look over a one-half acre plot offered the village for a water well and storage tank.

The need of an additional stor-

age tank was cited at Monday's session when it was reported the village's water storage capacity was smaller than the water used by industrial, business and residential customers.

The village is considering possible tests to determine the feasibility of sinking a water well on the proposed site to be visited by Toft, Burnett and Barnstable and school board members.

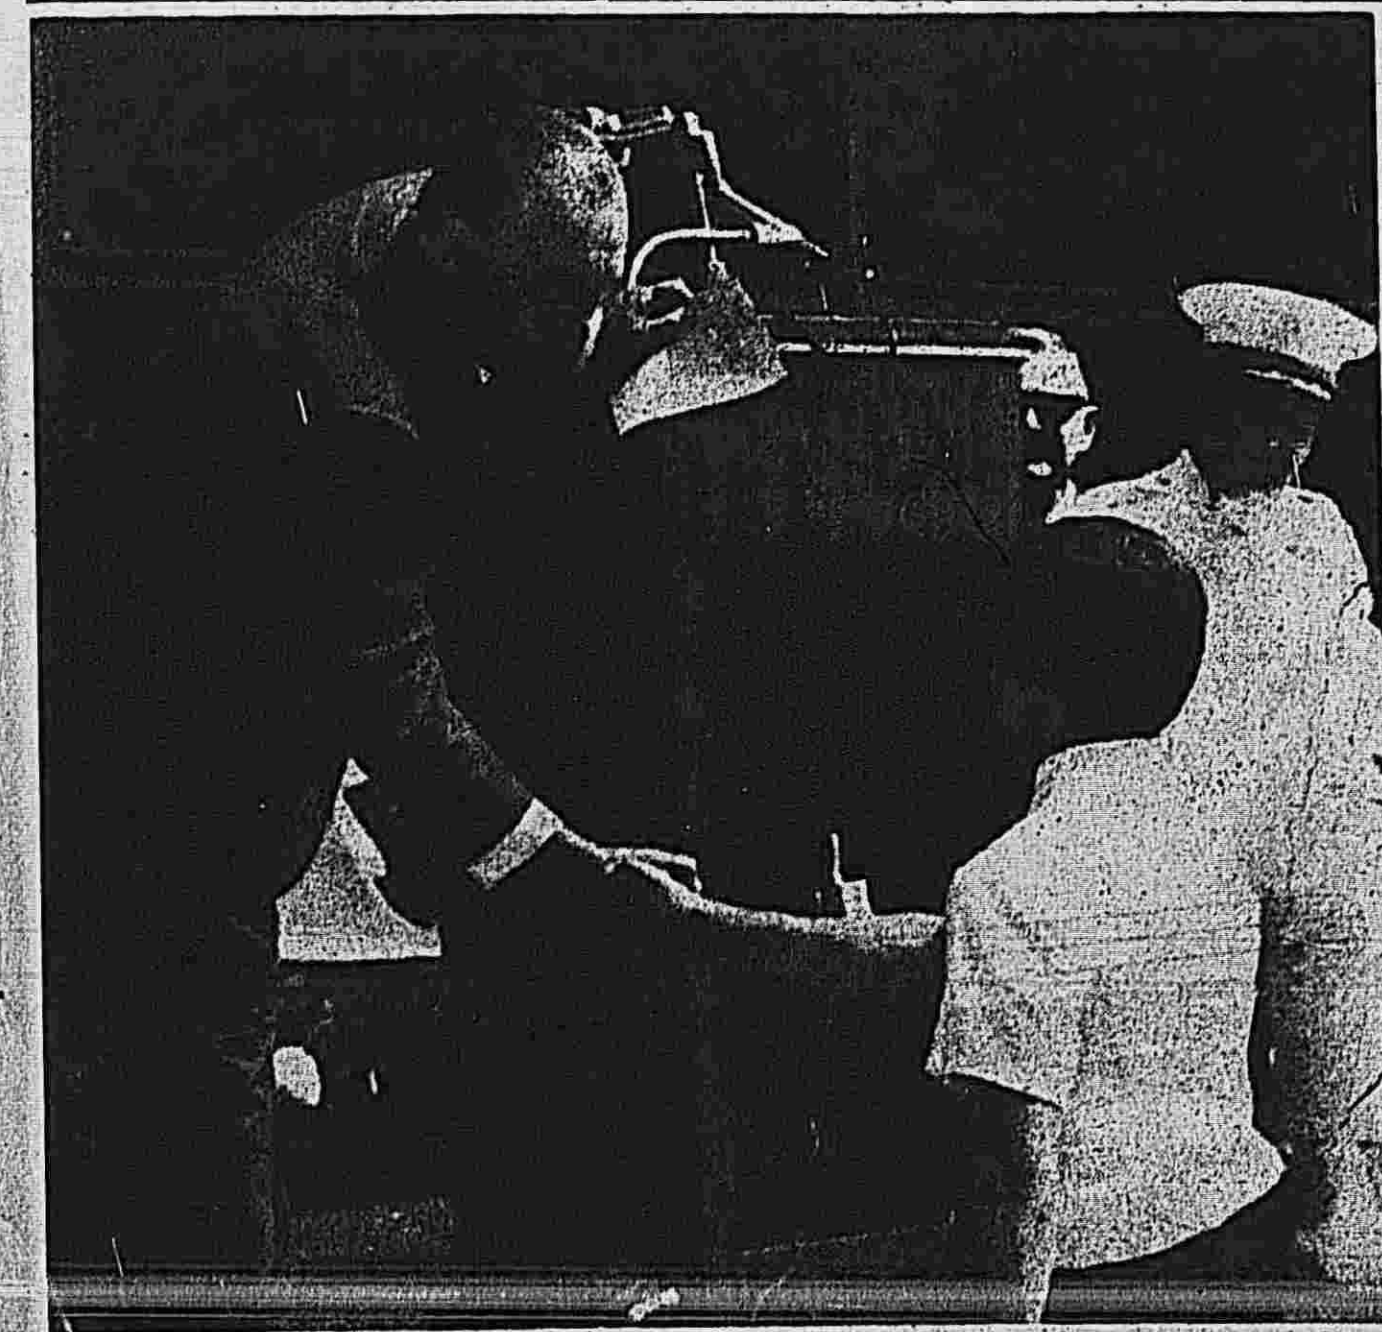

The village is extending its sewer and water lines to the school area with the hope of encouraging development of prop-

erty west and north of the new school which is expected to be completed next year.

It was announced that the village is accumulating funds for digging of a new water well. How much is in the account was not determined.

The trustees authorized the blacktopping of David Street and Orchard Street from Lake Street to Hillside Avenue at the cost of \$6,135. The contract was awarded the Liberty Asphalt Co. of

Pictured here is Thomas Lasco, Rt. 5, Box 342, Antioch, being congratulated by Chicago Mayor Richard J. Daley after accepting the flag for the Chicago Lakefront Company. This company was a group of 100 young men who enlisted in the Marine Corps on Aug. 20 at the Civic Center Plaza in Chicago.

Lakefront Company In Corps

On August 20 one hundred young men from the Chicago Lakefront area were enlisted in the Marine Corps as the Chicago Lakefront Company.

The enlistment ceremony took place at the Civic Center in Chicago. Lt. Col. M. C. Gaffen, Officer in Charge of the Chicago Recruiting Area, administered the Oath of Enlistment.

Mayor Richard J. Daley gave a short presentation and presented the Company Flag to Thomas S. Lasco, Route 5, Box 342, Antioch.

Other area men in the unit were: Tenney S. Ford III and Philip A. Krempely, Winthrop Harbor; Frank B. Sontowski, Jr., Wauconda; Robert E. Kernan, Round Lake Beach; Glenn E. Leable, Gurnee; Patrick J. Pohnan, Mundelein; Kenneth E. Hyde, Deerfield; and Joseph H. Schmitt, Jr., Hubbell, Mich., who was residing in Wauconda before his enlistment.

These men will undergo eight weeks of Marine boot camp at San Diego, Calif. Upon graduation from boot camp these men will be transferred to Camp Pendleton, Calif., for further training.

When the training at Camp Pendleton is completed they will come home for twenty days. (Continued on page two)

Democrats Will Hear Candidates

Members of the Lake County Democratic Central Committee and representatives of the various Lake County Democratic Clubs will hear the Lake County candidates for delegate to the Constitutional Convention in two separate meetings, according to an announcement made today by Herbert L. "Hub" Stern, Democratic County Chairman.

Committeemen and Democratic club members residents of the 31st District, (Antioch, Benton, Lake Villa, Libertyville, Newport, Shields, Warren, Waukegan and

No Plans For More Expansion

Chairman Taisto Aho of the Lake County Public Building Commission says there are no plans at this time to take on any other projects once the courthouse complex is finished.

Speaking on the weekly radio series "This Week in Lake County," Aho said a recent opinion by the commission's legal adviser shed light on the limitations of the appointive body. According to the attorney, a public building (Continued on page two)

Reckers Completes Classes

Preston J. Reckers, Jr., State Bank of Antioch, was among 1,345 student bankers from 37 states, Puerto Rico, Argentina, Nigeria, and Central America who have just completed the annual two-week residence session of the Graduate School of Banking at the University of Wisconsin in Madison, Aug. 18-30.

The school, sponsored by the Central States Conference consisting of the bankers associations of 16 states, requires attendance for 2 weeks each year for three years for graduation. A total of about 400 seniors receive their diplomas at the school's 1969 graduation exercises Friday night, August 29. The Graduate School of Banking is one of the many schools, short courses, and conferences sponsored annually at the University of Wisconsin as

Million In Bonds Purchased

Lake County residents purchased a total of \$1,032,518 in Series E and H United States savings bonds and Freedom Shares in July according to Richard D. Newland and Richard F. Kennedy, Waukegan, general county (Continued on page three)

State Sues Sanitary District

Illinois Attorney General William J. Scott has filed suit against the North Shore Sanitary District and its board of trustees to prevent the district from further dumping of raw sewage in Lake Michigan.

The suit against the North Shore

Sanitary District is the first filed under the broad new powers requested for the Attorney General's office in the recent state legislative session. Starting July 1, the legislation sponsored by Scott, empowered the Attorney General's office to sue pollution violators, including government agencies, anywhere in the state.

"The suit against the North Shore Sanitary District signifies that we will no longer tolerate air or water pollution violators anywhere in the state, no matter how large or how small, or whatever their influence, political or otherwise," Attorney General Scott said.

"We will not tolerate further administrative delays, endless conferences, or frustrating extensions of deadlines. We will not tolerate further pollution of Lake Michigan—we will not stand by and watch it become a dead lake in nine or ten years."

The North Shore Sanitary District suit grew out of an investigation of the Lake County pollution crisis ordered by Scott. The Attorney General launched the investigation after beaches from Highland Park to Waukegan were closed because of raw sewage, including human excrement. (Continued on page three)

Combined Gas Award Is A First

This year, for the first time, Lake County government will award a contract for gasoline on a combined bid. In the past, separate contracts had been signed for the sheriff's and highway departments, the two largest consumers. Bids are to be advertised this week.

Purchasing Agent Edward Barnes said the main thrust or combined bidding came through County Board Chairman Robert W. Depke, who has been working with officials and department heads to encourage volume buying of necessary supplies wherever possible, in order to bring (Continued on page three)

EDITORIAL

A Needed Prodding

We note with interest that the federal government is starting a get-tough policy on laxness in cleaning up pollution in our lakes and streams throughout the state.

It is about time.

The Chain O' Lakes area has a vital concern in clean water as a good portion of the income in the area comes from the tourists who are seeking recreation.

Recreation cannot be given if the water—where most of the pleasure is sought—is not clean.

The Federal Water Pollution Control Act is the one that will be implemented if state and local authorities cannot handle the situation promptly and properly.

The man who is making the veiled threat is former Illinois State Rep. Carl L. Klein, assistant secretary in charge of the Interior Department's water quality and research division.

And Klein knows of what he speaks.

For several years he was in charge of a state commission that held various hearings throughout the state in an attempt to get to the heart of local pollution problems and to draft legislation that would take care of the situation.

Maybe with the prodding of the federal government, state authorities will get to the job of providing the funds necessary for a thorough clean-up.

With the amount of taxes now being collected by various taxes—income tax and the like—it would seem possible to us to divert a good portion of the money for such a movement.

Campus Unrest

Another academic year is on us and campus unrest in our higher schools of learning is bound to come.

A primary concern of many college and university administrators will be not on scholastic achievement of students but rather how to prevent the seizure and wreckage of educational institutions.

Senseless plunder in our universities and colleges during the last academic year amounted to more than \$3 million in damage.

One major university alone suffered damage in excess of \$1 million and at least two deaths resulted from campus riots.

J. Edgar Hoover, head of the Federal Bureau of Investigation, says that unless college and university authorities take positive action to control campus violence it will not subside in the coming months.

Hoover points out that there is a split in the students for a Democratic Society (SDS) which has resulted in the election of two slates of national officers.

He feels that opposing forces will use the university grounds for their clashes for controlling power.

We are inclined to agree with Mr. Hoover when he says that the goal of the SDS, even though fighting among themselves, "is the destruction of our form of government and the achievement of a classless society through international communism."

We hope, along with the director of the FBI that the college heads will stop patting these culprits on the head and telling them to sin no more.

The vast majority of college students are here to get an education.

That function cannot be served if students are allowed to seize the grounds.

The time for inaction on the part of operators of our higher institutions of learning is long past.

We have waited for action on their part far too long.

We hope that we will not have to wait any longer if unrest occurs.

Your Congressman Reports....

By Cong. Robert McClory

With the approach of the oldest Monday holiday—Labor Day, it is well to review what has occurred relative to the so-called Monday Holiday Act passed during the last Congress, and which becomes effective January 1, 1971.

It will be recalled that the Monday Holiday Act, sponsored by this Member of Congress, designated four Monday holidays in addition to Labor Day (the first Monday in September). Beginning in 1971, Federal offices and employees will observe Washington's Birthday on the third Monday in February, Memorial Day on the last Monday in May, Columbus Day on the second Monday in October, and Veterans' Day on the fourth Monday in October. The effective date of the Act was postponed until 1971 to enable the States to enact complementary legislation as well as to permit calendar manufacturers, school boards, businesses and others to prepare for the new Monday holiday observance.

Of the 46 states which have held legislative sessions this year, 37 have enacted laws substantially identical with the Federal Monday Holiday Act. Two other states, California and Alabama, are expected to enact laws later this year. Four states have held no legislative sessions since the passage of the Federal law, which leaves a mere seven states which, for one reason or another, have failed, so far, to act favorably on this subject.

It is expected that all 50 states will take positive action to endorse the Monday Holiday Act so that citizens throughout the nation may enjoy five long weekends during 1971, and in subsequent years. Indeed, by virtue of the 1971 calendar, a total of nine long weekends will become available, since New Year's Day, Independence Day, Thanksgiving Day and Christmas also fall on weekends, or at the beginning or end of the work week.

The Monday holiday legislation will enable many families and individuals to enjoy long weekends away from home. This aspect, of course, poses the danger that those who drive to vacation spots will risk accidents on the highways with the consequence that a joyous holiday may end up as a tragedy. However, given the added time for driving to and from vacation or historical spots, the number of serious accidents should decline. In addition, it is expected that many families will elect to spend the added holiday time at home and enjoy the recreation and togetherness which this well-intended legislation will permit.

What began several years ago as an interesting idea now has been translated into a Federal law as well as State laws in all but a few states. Citizens of Massachusetts, Oklahoma, South Carolina, South Dakota, Vermont, West Virginia and Wisconsin who are interested in implementing the Federal Monday holiday law in their own states should plan to work closely with their state legislators for passage of Monday holiday legislation during their states' legislative sessions later this year or in 1970.

Letters to the Editor

Dear Sir:

I am writing to you because you would like to hear from us in Vietnam. I am in the Army and I work in a place called the Rock Pier. We unload rock for the roads they are building over here.

You could say this place I work is out in the sticks because we are by ourselves. We do get hit there sometimes and people do get killed there. But in a way you have to put this out of your mind. The people over here live for hours and days because you can never guess when your time is up.

If there is anything you would like to know about over here that I can tell you just ask.

(Continued from page one)

Zion Townships) will meet on Tuesday, Sept. 16, at 8:00 p.m. on the mezzanine floor at the Collins-Karner Hotel, 405 Washington St., Waukegan.

Committees and Democratic club members resident of the 32nd District (Avon, Cuba, Deerfield, Elia, Fremont, Grant, Vernon, Wauconda, and West Deerfield Townships) will meet the candidates on Wednesday, Sept. 17, at 8:00 p.m., at the Highland Park Recreation Center, 1850 Green Bay Road, Highland Park.

The Executive and Advisory Committees of the Lake County Democratic Party determined, at a special meeting held at party headquarters in Waukegan on Aug. 27, that the party would not endorse Con-Con candidates but all committeemen and club members would be afforded an opportunity to hear and meet the individual candidates.

Candidates for the 31st District are: John D. Wenim, Harold D. Wilson, Mrs. Mary A. Pappas, Glenn H. Reinier, Robert G. Klebe, and Harry O. Kilbane.

Candidates for the 32nd District are: John M. Thompson, Samuel T. Lawton, Jr., Mrs. Jeannette Mullen, William J. Hughes, Joseph B. Coleman, Sheldon Karon, Robert S. Cushman, Elmer Koske, Jeffrey R. Ladd, Norman C. Geary, Lawrence L. Lee, Jr., and Robert Cronson.

No Plans For...

(Continued from page one)

commission may initiate project only within the boundaries of the county seat. In Lake County that is Waukegan.

The public building commission act, passed by the Illinois General Assembly in 1958, permits creation of a commission by option of county boards for the purpose of levying a tax, overseeing the construction of public buildings, and retiring bonds to pay for the structures. Once the bonds are retired the county board may authorize the building commission to continue on, as manager, or it will go out of existence and the title to the property is transferred back to the county.

Aho said though each of the commission's six members are appointed by the County Board of Supervisors, no other governmental unit has jurisdiction over the commission's work. It is a separate legal and taxing body unto itself. Members serve at no salary for five year terms.

Lake County's public building commission was created in 1960, specifically to oversee construction of a new courthouse. The final phase of the present complex of buildings, the courts structure, is to be turned over as of November 1.

The ten story administrative tower, begun in 1965, was completed in 1967 at a cost of \$4.5 million. Phase two, including the new jail, courts section and plaza, cost \$7 million.

FDIC

Kerfoot Named Candy Day State Chairman

The Illinois Lions Council of Governors has announced election of Lion Randy Kerfoot of Bloomington as State Chairman of Lions Candy Day for the Blind. Dating back to 1952, the annual Candy Day Drive has raised and distributed more than \$4,500,000 to agencies aiding the visually handicapped.

Candy Day this year is scheduled for Friday, October 10 and the statewide goal is \$600,000.

An engineering graduate of Virginia Polytechnic Institute, Kerfoot is Coordinator of Agency Sales Development with State Farm Insurance Company. A member of Lions International since 1955, he served as Governor of Lions District 1-B and Chairman of the State Council of Governors last year.

Lions Candy Day for the Blind helps support five major projects: Hadley School for the Blind, Leader Dogs for the Blind, Illinois Camp Lions for Visually Handicapped Children, Dialogue, Illinois Society for the Prevention of Blindness. In addition, funds help with a number of community services for the sightless.

Commenting on the forthcoming campaign Kerfoot said, "The Candy Day program has brought widened opportunities, mobility and independence to thousands of blind persons in our state. This year's campaign promises to be the greatest in the program's history."

"Interest is high throughout the state and we expect peak participation from all our Illinois Lions. Lions Candy Day has been a major force in building a bigger world for the blind."

Kerfoot added, "Help for the visually handicapped has been a prime project of Lions Clubs for nearly fifty years. Lions were the movers in setting up the first corneal transplant banks in the United States and more than half of them are sponsored and supported by Lions."

Truck Drivers Compete

Illinois' top professional truck drivers will compete next month in possibly the most difficult driving test ever devised — the 32nd annual Truck Roadshow.

To be held Sept. 14-16 at the Denver Convention Complex in Denver, Colo., the 1969 Roadshow will test the skills of more than 140 drivers, representing the elite of America's millions of truck drivers, according to Goley D. Sontheimer, director of Safety of American Trucking Associations, sponsor of the event.

Representing Illinois will be: Philipp M. Burger, 23 South 50th St., Bellwood, Big Ben Chemical and Solvents Co.; George T. Bruss, 7533 South Long St., Oak Lawn, Chippewa Motor Freight, Inc.; George P. Holik, 3340 West 81st St., Chicago, Easor Express, Inc.; Anthony Dibasio, 8555 W. 102nd Ter., Palos Hill, T.I.M.E.-DC; Raymond R. Zick, 13224 Village Lane, Crestwood, Hennis Freight Lines.

The more than 140 drivers became eligible for national competition in Denver by winning in state Roadshows. All have perfect safety records of at least one year. Most, however, have many accident-free driving to their credit.

"They will compete in five classes of competition, according to size of vehicle: straight truck, three, four and five axle semi-trailer, and tank truck."

Semi-finals will be held Sept. 15 and 16, with the top three scorers in each class again running the obstacle course in the finals at 7:30 p.m., Sept. 16.

In addition to trophies and recognition as the best in their profession, the five winning drivers will receive \$50 a month for one year. Runners-up will receive \$30 a month for one year.

Contestants must prove in written examinations that they are thoroughly familiar with federal and state operating and safety regulations, safe driving practices, first aid, fire-fighting and their equipment. Personal interviews also determine how well contestants represent their employers when meeting the public.

On an obstacle course, drivers face simulated work problems. They must, for example, park a 40-foot semi-trailer in a 44-foot space, placing the vehicle six inches from a curb. Another difficult test requires the driver to steer his truck wheels through a row of balanced balls with only two inches clearance on each side.

"The continuing success of Candy Day enables Illinois Lions to continue our wide ranging program of training, education and therapy for the visually handicapped."

"At the local level, Candy Day contributions support Eye Surgery, Transportation, Braille Writers, Tape Recorders and Tapes, Eye Banks, Corrective Glasses, Vision Screening."

"Through the generosity of Illinois contributors," he said, "we have been able to steadily expand the scope of help to the sightless. Our primary projects are growing and helping more visually handicapped persons each year."

"As an example, Hadley School for the Blind in Winnetka instructs more than 3,000 students throughout the world. Even though the school is working at capacity, any blind person in Illinois may enroll because of Lions support to the school."

"Leader Dog School has become the No. 1 institution of its type in the country. Leader Dog trains and places more guide dogs each year than any other guide dog school."

Kerfoot said, "More than fifty per cent of all blindness is preventable and the Candy Day program places strong emphasis on sight conservation activities. This embraces a year-round program to safeguard vision and detect eye problems that may later become serious."

"The generous contributions of the men and women of Illinois are daily being translated into better lives for many thousands of our state's visually handicapped. We are again looking forward to their vital support on this year's Lions Candy Day for the Blind, Friday, October 10th."

Village Will Receive

(Continued from page one)

Graylake. The road repair fund is less than half of the contract price, but the trustees were advised to transfer the funds when the road work is completed and comes up for payment.

"The village will receive tax money by the time the bill will come up for payment," said Jacobs. "I'd make a transfer at that time."

Proposal of Trustee Barnstable, who is chairman of the street committee, to raise the overtime pay of regular and part-time employees from \$2.75 to \$3.50 an hour was approved by the board. Among the part time employees are two policemen. The raise is effective immediately.

Mrs. Sterbenz was given permission to invest \$50,000 of village funds into treasury notes. She said that \$40,000 will come from the general fund and \$10,000 from general obligation bonds.

The board approved the issuance of Class AA liquor permit to the new owners of Bud's Tavern at 912 Broadway at a cost of \$600. Mr. and Mrs. William G. Carney and Mr. and Mrs. Daniel Kasik purchased the tavern from Harry Conrad. The transaction was effective Sept. 1, according to Toft.

Toft added that the name of the tavern has been changed to "The Office." He noted that the village had collected \$1,800 in liquor license fees from the tavern since Conrad had to buy one at the time he purchased it in October, 1968, and in May, 1969, for renewal and now by the Carneys and Kasiks.

Police Chief Jack Davis in his August report said that the village collected \$1,127 in fines for traffic violations under village ordinances.

The chief said 243 tickets were issued for parking violations, 87 for traffic infractions and 22 accidents during the month.

Other incidents were five burglary and theft complaints, two vandalism reports, and two cases involving juveniles.

Davis said 10,530 miles were logged by the two police squad cars last month, and that 420 phone calls were answered and

Million In Bonds...

(Continued from page one)

Chairmen of the savings bonds committee. Sales in the state of Illinois were \$25,268,442, according to Clarence S. Sochowski, state director of the Treasury's savings bonds division. National sales were \$419,000,000 and Illinois sales represented 6% of this amount. The cash value of savings bonds and Freedom Shares outstanding is \$52.2 billion.

As of the end of July 102,399 new savers were added in Illinois and joined the more than 10 million bond buyers on the payroll savings plan. Early August reports indicate that the 1969 Illinois goal of 168,300 new savers will be exceeded before the month-end.

Factors which have contributed to the added enthusiasm are the recent notice that savings bonds and Freedom Shares are not subject to the new Illinois state income tax and the request to Congress by Secretary of the Treasury David M. Kennedy for an interest rate increase to 5% when held to maturity with a 4.01% yield at the end of the first year. This improved rate would be retroactive to June 1, 1969.

Combined Gas...

(Continued from page one)

Barnes issued a warning to area businesses this week after receiving a long-distance telephone solicitation from California. The man identified himself with an office supply firm, which he said he inherited after the death of his father-in-law. He told Barnes he was disposing of the inventory and wanted to know if the county couldn't take some of the merchandise off his hands. Barnes told him in no uncertain terms, "The county doesn't do business that way," and hung up.

The purchasing agent said this kind of phony solicitation isn't new to him, in that he had similar experiences in private industry. He said marginal firms operating in this manner usually ship inferior grade materials at top prices. "Sometimes," he said, "it is nothing short of a confidence game."

Bid prices for Lake County government are now checked by Barnes and reviewed by the county board's purchasing committee before any contracts are awarded.

Chiefs International Conference Oct. 17, 18, and 19 in Chicago. The expense includes a \$50 registration fee.

Maplethorpe, who also is superintendent of the water department, was authorized to attend the Northeast Treatment Plant Operators Conference Oct. 23 in Hinsdale.

Teens To March...

(Continued from page one)

Hospital in Memphis, Tennessee, which has declared war on childhood diseases.

This hospital is the result of a promise made by Danny Thomas in 1937. Thomas was an aspiring, but unemployed entertainer here in Chicago. He promised the patron saint of difficult cases, St. Jude, that he would build a shrine in the saint's honor if he hit the big time.

Thomas did make it and did not forget his promise. With the help of the teenagers all over America he built St. Jude Children's Research Hospital, which is affiliated with the University of Tennessee Medical School.

Opened in February, 1962, St. Jude's has become unique. Here for the first time, pediatricians and biological scientists have combined their talents and efforts in a concerted campaign to conquer the medical problems of children.

Asked recently to reflect upon all that has happened since he made a promise to build a shrine, Danny said, "To say the very least, I am overwhelmed at the progress of St. Jude's Hospital."

"They have done so much in a short period of time, and I know that they will do a great deal more for children stricken with diseases." At present St. Jude Hospital has 105 leukemia patients in a complete state of remission for a period of 32 months.

"But," continued Danny, "the growth of the Teenage March and

the big job that they are doing to support this medical research center is just as overwhelming. These teens have startled all of us. Cynics said that they would not respond, but last year they raised over \$2,000,000 to support St. Jude Children's Research Hospital.

These are the teens, wearing

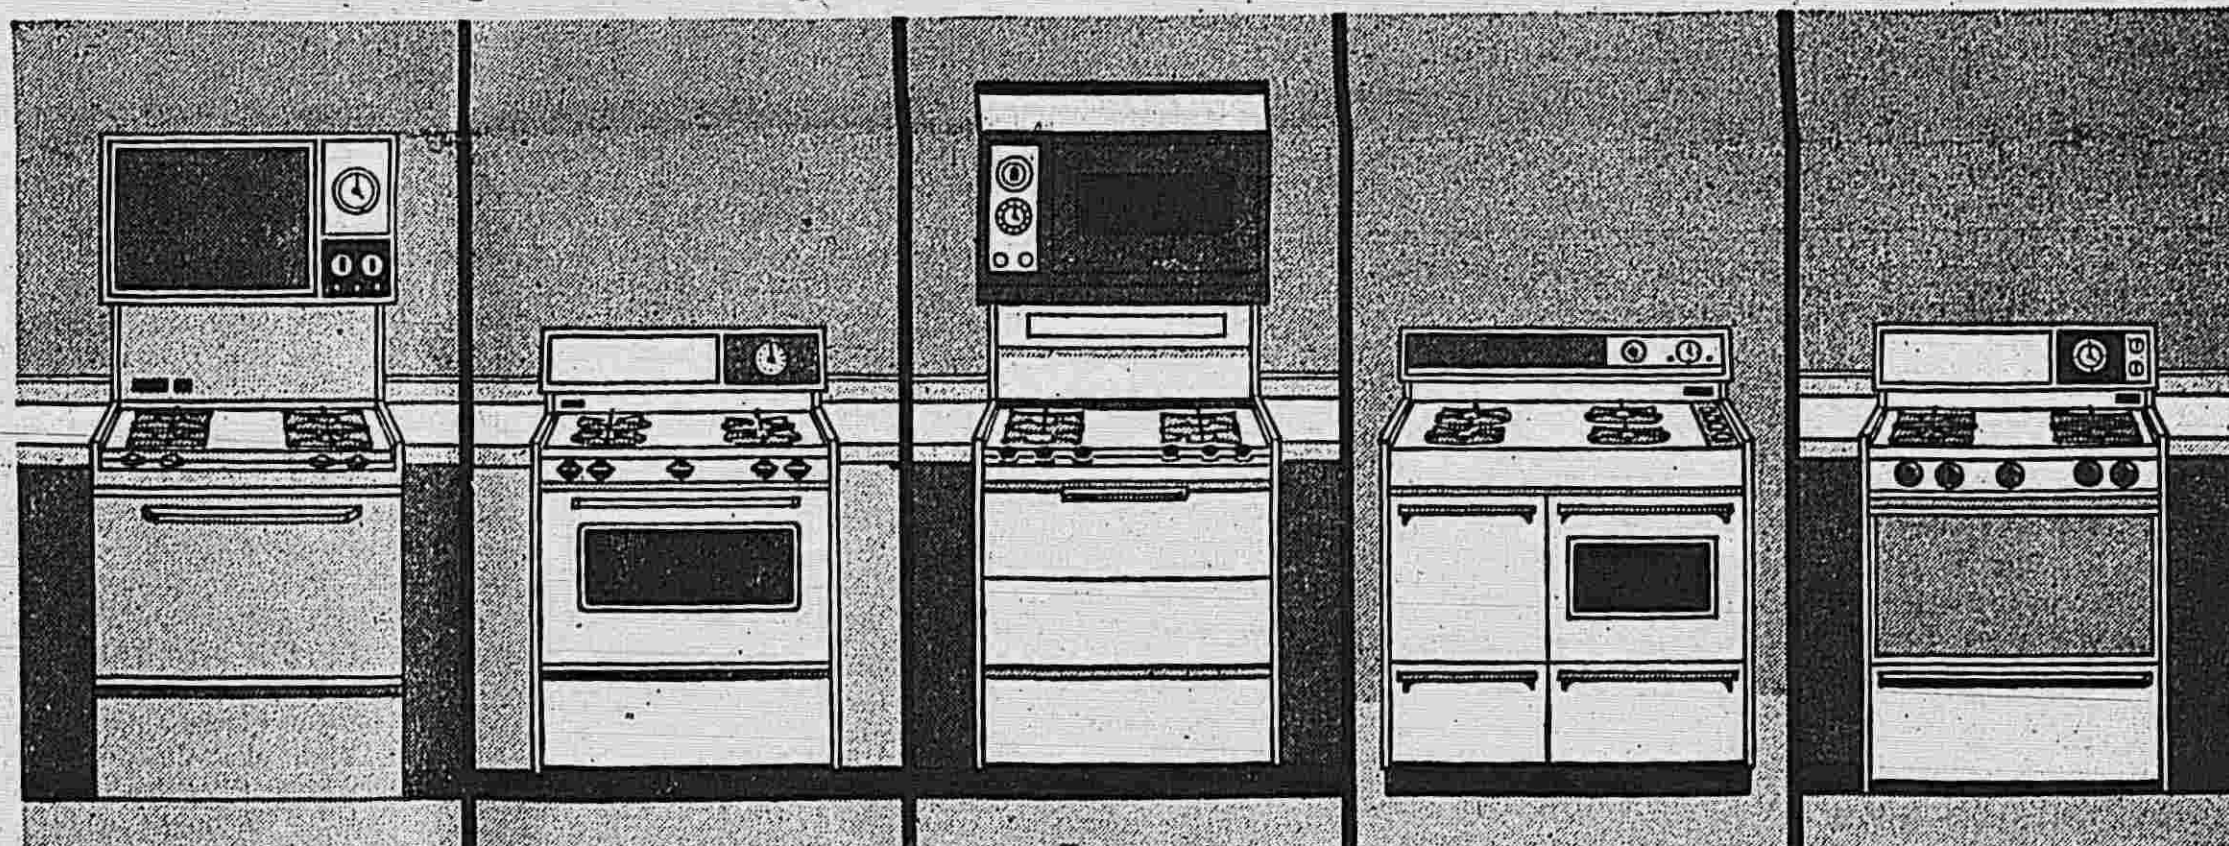

"I March With Danny Thomas" badges, that will be ringing door bells from Sunday to Sunday, Sept. 14th to the 21st in the Chicago area."

These teens are concerned and are marching, because they are sympathetic for their less fortunate friends... are you?

Gas ranges.

You name it...they've got it. Including two kinds of ovens that clean themselves!

Name your style:

Name your features:

- ☐ Self-cleaning ovens—They clean themselves on command...for pennies.
- ☐ Continuous-cleaning ovens—They clean themselves while you bake.
- ☐ Removable oven parts—Choice of removable oven bottom, door, racks, rack supports, side and back oven linings. Linings are available with chrome or non-stick surface coatings, or in disposable aluminum.
- ☐ Cook-and-hold-oven—Set it, it cooks the food and then keeps it warm until you're ready to serve.
- ☐ Low Temperature Oven Control—"Keep-warm" lets you hold cooked food at serving temperature. Great for thawing frozen food, too.
- ☐ Conventional broiler—Broils with the door closed. May be located under oven, in oven or in separate compartment.
- ☐ Infrared broiler—Radiant infrared heat cuts broiling time about 50%...seals in juices, browns beautifully.
- ☐ Automatic meat thermometer—Insert a probe into the meat and set the control for the degree of doneness. A signal tells you when the roast is ready.
- ☐ Rotisserie—Built-in motor rotates the meat... keeps the juices and the flavor in.
- ☐ Automatic top burner—Lets you dial accurate temperatures on top of the range...eliminates the need for double boilers for heat critical recipes.
- ☐ Flame selection—Single or double burners provide precise heat control.
- ☐ Removable cooktop—For easy cleaning, choose a stationary top with removable burner bowls and/or pull-out drip trays...or an entire cooktop that lifts up or off!
- ☐ Griddle—Built-in over a large fifth burner (which can be used for routine cooking) or portable (fits over two top burners).
- ☐ Glass windows—Oven or broiler windows or doors of clear, patterned, tinted or black glass... some designed to see through only when the oven light is on.
- ☐ Clock, timer and appliance outlets—Choice of a self-starting clock, one- or four-hour interval timer and appliance outlet on background panel.
- ☐ Decorator colors—Harvest Gold, Avocado, Coppertone. And white, of course.
- ☐ Economy—Standard equipment on all gas ranges.

There's a lot more in store for you in a modern gas range. Take this shopping list to your appliance dealer and see. Or call us—the number is listed in your telephone book under "Northern Illinois Gas Company."

THURSDAY, SEPT. 4, 1969 THE ANTIOCH NEWS-4

Mr. and Mrs. William Duckles

Kathleen Toman Weds William Duckles

On August 25, Reverend Eugene L. Keusel officiated at the 2 p.m. double ring ceremony of Kathleen L. Toman and William R. Duckles at St. Peter's Church in Antioch. The bride is the daughter of Mr. and Mrs. Frank J. Toman of Fellers Subdivision. The bridegroom is the son of Mr. and Mrs. Edward P. Duckles of Cairo, Ill. The bride wore a white A-line street length dress with a lace veil. She carried a nosegay of white and yellow daisies. Miss Patricia Toman, sister of the bride was maid of honor. She wore a pink face dress and carried a nosegay of pink and white

daisies. The best man was Richard Herdlicka of Waukegan. The newlyweds were on a honeymoon trip to Southern Illinois and Kentucky Lake. The bride, a former student of Eastern Illinois University, Charleston, for three years was a member of Alpha Sigma sorority. Mr. Duckles received his B.A. degree from Knox College, Galesburg, Ill. He was a member of Beta Theta Pi fraternity. He is presently teaching and coaching in the Antioch Grade School. The groom's parents were hosts at a dinner held at "The Arbor" for the wedding party and their families.

Lindhurst News

By Mrs. Bernice Bernau
BRONCO LEAGUE NEWS

This year something new was introduced to Bronco League Baseball. It was decided to eliminate the previous All Star games. Instead, a Divisional system was adopted.

The league was represented by six teams. These were divided into three teams, to be known as the American Division, and three as the National Division, the winners of each division to compete in the playoffs, Aug. 1-23.

Representing the National Division in the play-offs were the "Giants," headed up by Manager Ernie Garcia, and Coach Don (Bud) Dietz. Their record was 8 wins, 7 losses.

The American Division was represented by Bob Bunkelman's Cubs, with the impressive record of fifteen wins, with no losses. Bunkelman was ably assisted by

Jack Thompson and Dick Leukhardt, as Coaches.

The Cubs team ended the series in a blaze of glory. In the first game of the playoffs, the score was 4-1, with the Cubs on top, due to the superb battery of Rick Leukhardt and Jeff Harceg.

In the second game of the playoffs, the Cubs again were victors, by a score of 4 to 3, so the third game was unnecessary.

A new record has been established in the Bronco League. It now reads Cubs 17-0. The previous record was held by the Angels with 14-0 in 1967.

On August 20, Gary Thompson entertained his Cubs Bronco League teammates at a swim party at his home. The highlight of the party was the presentation of a plaque to manager Bob Bunkelman. The plaque was inscribed "To the Manager of the Year, from the Cubs—Champs, 1969" and included each team member's name, also the coaches, Jack Thompson and Dick Leukhardt, and official scorekeeper, Sherry Thompson.

Rose Society Sets Show For Sept. 7

It's "Grow and Show" time for roses again and the Northeastern Illinois Rose Society takes great pleasure in announcing the 3rd Annual Rose Show to be held at the Belvidere Mall in Waukegan, on Sunday, Sept. 7th; hours for viewing will be from 1:30 p.m. to 6:30 p.m. Any amateur rose grower can participate, even though not a member of N.I.R.S.; entries will be accepted from 7:00 a.m. to 10:30 a.m. the same day as the show.

There will be 151 classes; 16 trophies, including one for the "Best of Show", donated by the business men's association of the Belvidere Mall in Waukegan. Other awards consist of Silver, Gold and Bronze certificates from the American Rose Society. There will also be hundreds of ribbons: blue, red, gold and white. Further information about rules can be obtained by calling Publicity chairman Kay Loftus at 356-7541.

The arrangement class this year will spur the creative imagination with titles like: "Historical Society Walk", "Library Browsing", "Rose Garden Walk", "Afternoon at the Flicks", and a Master's class: "Destination Unknown".

Silver trophies will be presented to winners of four Challenge classes for rose specimens, alone; and two trophies for the "English Box" class and the "Mini-English Box" class. Twelve judges will be on hand to assess the Show and reward the winners.

In three and one-half years the Northeastern Illinois Rose Society, has achieved an active membership of eighty-one members. They have members as far south as Plano, Ottawa, Palatine, Chicago, Glen Ellyn, etc., and as far north as Kenosha, Wis.

Legion Auxiliary

By Del Jahneke

The Antioch American Legion Auxiliary Unit No. 748 will hold its regular meeting on Monday, at 6:30 p.m., September 8th, at the Antioch American Legion Home. A pot luck supper party will precede the meeting, since the unit's past presidents will be honored that evening.

Charmaine Daniel, Girl Stater, will give a report on her week at Illini Girl's State. The Antioch Unit members have always enjoyed hearing the reports of the girl staters they have sponsored since these girls are invariably enthusiastic and give highly interesting accounts. This is the twentieth consecutive year that the Antioch unit has sponsored a girl to Illini Girl's State.

Mrs. Ray Rathmann, Chairman, has planned a lovely party for the past presidents. The past president's parley groups of the various units throughout the state provide nursing scholarships for eligible high school graduates; supply the women patients at state veterans' hospitals with small necessities and luxuries; and donate to the maintenance of the Veteran's Craft Shop in Chicago.

Final preparations and plans will be discussed regarding the joint installation of Officers on Friday, Sept. 12, at 8:00 p.m., at the Antioch American Legion Home. Bernard De Vries will be the incoming Commander; and Mrs. Rathmann, the incoming unit President. A large crowd is anticipated to be in attendance.

Last spring, Mrs. Rathmann was appointed as 10th District Chairman for the "Rae Shaw for National President of the American Legion Auxiliary" campaign. Mrs. Rathmann served as District Director when Mrs. Shaw was state President.

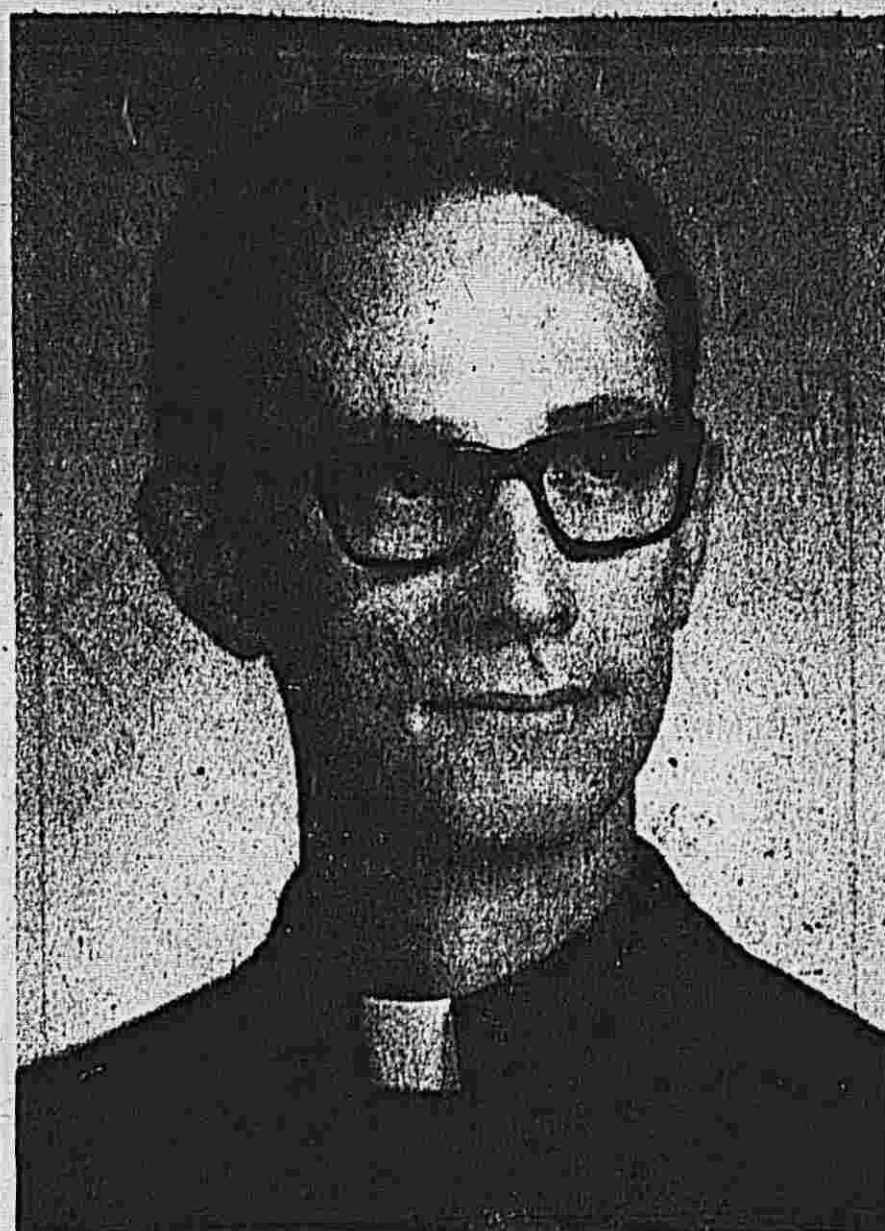

All the units in 10th District and also, on a state-wide basis, are involved in a fund raising project, of which the proceeds will be turned over to the state, to help finance Mrs. Charles Shaw of Paxton, Ill., to the office of National President. Mrs. Shaw is scheduled to hold this office next year. Mrs. Shaw held the office of National District Welfare Chairman this past year.

St. Stephen Lutheran

Hillside Ave. & Route 59
Antioch, Illinois

THE CHURCH ON THE HILL INVITES YOU TO WORSHIP ON SUNDAYS AT 9:30 A.M.

Rev. Philip O. Laurin Jr., pastor of St. Stephen Lutheran Church, The Church on the Hill, Antioch.

St. Stephen To Welcome New Pastor

On Sunday, Sept. 7th at 9:30 a.m. Worship, Rev. Philip O. Laurin, Jr., will preach his first sermon as Pastor of St. Stephen Lutheran, The Church on the Hill, Route 59 and Hillside Avenue, Antioch.

Pastor Laurin, his wife, Amy, and two daughters, Kirsten and Karin, moved to Antioch last week from Rockford, where Pastor Laurin was Assistant Pastor of Trinity Lutheran Church. Previously, his assignment was Pastor of Evangelical Covenant Church, Lockport, Illinois. Rev. Laurin attended Augustana

College at Rock Island, Ill., graduating with an A.B. degree; attended North Park Seminary, Chicago, receiving a B.D. degree and studied post-graduate courses at Lutheran School of Theology, Maywood, Ill.

Pastor Laurin accepted the call of the congregation when it was submitted after Rev. Wilton Anderson transferred to Federal Way, Wash.

A reception at the church, from 2 to 4 p.m. Sunday, Sept. 7, honoring the new Pastor and his family, is being arranged by the Ladies Guild of the Church, Mrs. Laverne Woods, President.

For Pastoral Services, Pastor Laurin may be contacted at the church, 395-3359 or at the parsonage, 566 Highland Avenue, 395-1822.

Oetting-Bushing Hold Reunion

The annual (86th) reunion of the Oetting-Bushing family was held at the Paul Biel residence at Channel Lake, Antioch, on Sunday, August 24th. Those coming from a distance were Mrs. H. W. Mathews (Beatrice Oetting), Sacramento, Calif., Mrs. Carl Weber (Mae Oetting), Sarasota, Fla., Mrs. B. W. Thornburg (Lillian Bushing), Lake Tahoe, and Mr. and Mrs. Kenneth Stockton (Adeline Oetting), Scottsdale, Ariz.

The oldest family members of the 75 present were 85 year old

Mrs. William Bushing, Valparaiso, Ind., and Mrs. Herman Oetting, Berwyn, Ill.; the youngest, 11 day old David Charles Mathews, son of Mr. and Mrs. Douglas Mathews, Belvidere, Ill.

On Saturday, August 30th, Mrs. Frank Peltke (Elsie Oetting), Riverside, and sister, Mrs. Carl Weber, Mrs. Arthur May (Elvira Oetting), Madison, Wis., and sister, Mrs. B. H. Thornburg, and Mrs. B. H. Thornburg will leave Chicago for a flight to Germany. They will have a car waiting at Frankfurt and will tour Germany, Austria, Switzerland, Holland and Denmark. Stopovers on their itinerary will include the 7th Century town of "Altötting" near Munich, and the "House of Sundervogt" (Oetting) and the "House of Kers" (Bushing) in northern Germany. These family places have been handed down from father to son since the 15th century.

Mr. and Mrs. William Sheppard (Clara Oetting, sister of Mrs. Peltke and Mrs. Weber) and son of Bradenton, Fla., left in June for Europe and are presently in England. Mr. and Mrs. George Makas (Jean Bushing) Northbrook, Ill., returned from a trip to the British Isles in time to attend the reunion. Mr. and Mrs. Louis Biel (Myrtle Oetting), Sun City, Ariz., and formerly of Channel Lake, just returned from a trip to Alaska.

Area relatives were in attendance from Wilmet, Salem, Twin Lakes, Delavan, Petite Lake, Kenosha, and the Chicago suburbs.

Lutheran Women Meet Sept. 10

On Wednesday, Sept. 10, at 8 p.m., at the church, the Ladies Guild of St. Stephen Lutheran Church, The Church on the Hill, Rte. 59 and Hillside Ave., Antioch, will resume their monthly meetings.

Mrs. Irene Werner of the Lutheran Welfare Services of Chicago will be the speaker on the program. Mrs. Frances Gibson will give Devotions and hostesses are Mrs. Florence Markwart, Mrs. Henrietta Bleich and Mrs. Sandra Bailey.

An invitation is extended to all women in the area to visit the Guild meetings and join in the fellowship of the gatherings.

GRASS LAKE SCHOOL
The regularly scheduled board meeting for Grass Lake School will be changed to Sept. 16th, rather than Sept. 9th, in order to allow notification for the public to review the annual school budget.

Altar Society Schedules Fall Meeting

St. Peter's Altar and Rosary Society will hold its first fall meeting Monday, Sept. 8, in the Blue Room of the school.

Rosary and Benediction will be at 7:45 p.m. in the church prior to the meeting.

If you are wondering what Altar and Rosary is all about or you would like to become a member, this is a good meeting to attend.

Reports will be given on the Summer activities and new ideas for the Fall season will be discussed.

A color film entitled "Looking at Children," illustrating childhood health problems often seen by classroom teachers will also be shown.

This will also be a good opportunity to meet some of the teachers.

Refreshments will be served.

Antioch AARP Will Meet September 9

The Antioch Chapter of the AARP will hold its first business meeting of the fall season at 12:30 p.m. Tuesday, Sept. 9, in the Antioch Savings and Loan Community Room.

Officers for the coming year will be installed.

They include John Horan, president; Ruth Carlson, vice president; Mildred H. Cook, recording secretary; Ruth Carlson, corresponding secretary; Lorna Buchert, treasurer; and directors Vera Anderson, Ruth Tidmarsh, Christian F. Schultz, George W. Draydsdale, past president of the Lake County Chapter will install the new officers.

AN INDUSTRY PRESERVES GAME

A late issue of Outdoor Life contains a brief item that illustrates the growing compatibility of modern industrial operations with conservation and environmental improvements. Outdoor Life tells of the work which a power company in Georgia has done to convert 120,000 acres of land lying within rights-of-way of transmission lines of its service area into improved hunting territory for sportsmen.

The company offers to pay owners of land under its power lines \$15 to \$40 an acre for clearing and planting the rights-of-way in row or cover crops for game birds and animals. A spokesman for the company says that a similar plan has been in effect for some time in Alabama. This program to encourage crop planting on transmission line rights-of-way has been endorsed by the Soil Conservation Service, the State Game and Fish Commission, the Future Farmers of America and other organizations. Outdoor Life also notes that the Georgia company is held in high esteem of anglers of the state because of the company's policy of maintaining excellent fishing in its system of power lakes. It has donated land at one of these lakes to the state for use as a fish hatchery and public camping area. These are only a few of the company's many activities in promoting conservation and recreation.

Here is one more answer to those who automatically assume that the industries we depend

Oakland PTA Sets Meeting For Sept. 8

The Oakland Grade School PTA will hold its first meeting of the new school year, Monday, Sept. 8th, at 8:00 p.m. in the school gymnasium.

The school principal, Mr. Harlan Ware, will introduce the teachers.

Ware will also speak on visual aids now used by the school and innovations in this field.

After the meeting refreshments will be served.

All parents, teachers and friends are cordially invited to attend.

By Fran Boxley

THURSDAY, SEPT. 4

At this meeting there are three candidates to be enrolled. The Publicity Committee is in charge of the chapter night program and will have a different type of Publicity skit. It's to be a real fun evening and refreshments will follow the meeting.

THURSDAY, SEPT. 18

Star Recorder night is planned again. Our Star Recorder Rose Roth is moving to Florida and we want her to have a real nice night to remember us, before she leaves. Everyone is going to miss Rose.

MOOSE CONVENTION

Moose convention starts Friday morning, Sept. 19 and runs through Saturday, Sept. 20 and Sunday, Sept. 21, at the Conrad Hilton, in Chicago. It is planned that officers will attend for the three days to learn more about Moose.

XMAS IN OCTOBER

Remember! Mooseheart and Moosehaven committees plan "Christmas in October." The chairmen from these committees will post lists of items that are needed at Mooseheart and Moosehaven. These lists will be posted on the bulletin board of the Moose Home. For further information contact Mooseheart Chairman, pro-tem Collegian Gladys Schroeder and Moosehaven chairman Phyllis Stevens. Let's everyone make this project "Christmas in October" a huge success.

Edison To Present Original Musical

An original musical starring 28 outstanding high school students from greater Chicagoland will be presented this Friday, September 5, at 9 p.m. on Channel 5, by Commonwealth Edison Company.

The hour-long color show, which will be hosted by television personality Jerry Van Dyke, is entitled "The New Performers—Chicagoland '69."

More than 250 students majoring in the performing arts from 150 high schools auditioned for the roles early this summer. Of the 28 finalists selected for "The New Performers," 14 are from high schools in Cook County, seven from Chicago schools, four from DuPage County and three from Lake County schools. Six of the students will star in the musical while the other 22 will be in supporting roles.

The six students who will be featured in the musical are Michelle Hayes, Naperville Central High School; Laurie Richert, Oak Park-River Forest High School; Ellen Springer, New Trier West High School; Bob Neches, New Trier East High School; Mandy Patinkin, Harvard-St. George High School; and Louis Price, Marshall High School.

Each of the six lead performers will receive \$500 scholarship awards. A seventh \$500 scholarship will be awarded to the member of the cast selected by his or her fellow performers as the "best trouper." The "best trouper" award will be announced during the show.

Vets Still Can Get Home Loans

The Veterans Administration reminds returning veterans today they are eligible for home loans for 12 to 20 years after they get out of service.

John B. Naser, Manager of the Chicago VA regional office explained that eligible veterans who served after Jan. 31, 1955, will have a maximum of 20 years from the date of their discharge or until March 3, 1976, whichever is later, to take advantage of their G.I. home loan benefit.

To determine the expiration date of his own eligibility, each veteran who served after Jan. 31, 1955, can assume that he has 10 years after his discharge from active duty plus one year for each three months of military service, Naser explained.

Thus, he said, a Vietnam era veteran with two years service, for example, would have 18 years after discharge to use his G.I. Bill loan guaranty entitlement.

Nationally, 254,393 applications for VA loan guarantees were received for the 12-month period ending June 30, Naser said, adding that 7,251 applications were received at the VA regional office in Chicago.

Naser pointed out that the 1969 total of 254,393 only slightly exceeded the 253,755 national total for 1968 when 8,491 loan applications were received at the VA regional office in Chicago.

These national totals for 1968 and 1969 were the highest since 1957.

The growing volume of applications in 1969 is attributed primarily to the increasing number of young Vietnam era veterans, Naser said. He noted the G.I. interest maximum was upped to 7 1/2 per cent in January 1969 to increase the availability of credit for veterans desirous of owning their own homes.

Naser said that "while activity last year was good, it could have been much better if more mortgage funds had been available for G. I. loans."

He added that a continued shortage of mortgage funds could hamper G.I. loan activity next year.

Slate Sues...

(Continued from page one) which entered the lake from North Shore Sanitary District facilities. Scott also asked the court to require the trustees to take all measures necessary to see that the dumping is stopped, and to set a timetable for compliance.

The Attorney General requested that the court require progress reports at stated intervals from the Board of Trustees.

"Immediate steps must be taken to correct the pollution situation in Lake County. There can be no compromise when the health of the public is threatened."

The North Shore Sanitary District suit was filed in Lake County Circuit Court by Henry H. Caldwell, chief of the Attorney General's air-water pollution control division.

The Attorney General's pollution control chief said the five North Shore Sanitary District trustees were named in the suit because of their failure to take steps to end the district's pollution of the lake even after passage of a \$35 million bond issue by the voters of Lake County.

"These funds are subject to the trustees' control and could be spent to start immediate improvements of facilities. Additionally, there are federal funds available from the Department of the Interior to aid in rehabilitating or rebuilding existing facilities," Caldwell said.

Scott's suit asked the court to direct the trustees to take all necessary action to end district pollution of the lake, "to enter the contracts necessary to improve facilities, to adopt ordinances, rules, and regulations, and to pay out any monies that may be necessary."

The five North Shore Sanitary District trustees named in the suit are August P. Cepcon, Waukegan; Robert P. Will, Winthrop Harbor; Ross A. Gramma, Waukegan; William T. Jones, Highland Park; and Donald Wylie, Lake Forest.

THURSDAY, SEPT. 4, 1969

THE ANTIOCH NEWS—6

Friday's Modified Race Well Attended

Waukegan, Ill.—The modified stock cars made their only appearance of the season Friday night at the Waukegan Speedway and Bob Roper of Oconomowoc, Wis., came home with the 30 lap feature.

Roper took the lead at Frank Pinter's green flag and opened up a nice margin over Ron Larson of Racine. Larsen, running second dropped out in the 9th lap and Ray Dropp of Palatine took over second with Denny McKay of Elgin and the rest of the field in hot pursuit.

At the half way point it was

Robel, Dropp, McKay, Paul Cameron of Round Lake, Eddie Loomis of Waukegan, Roger Von Otto of Burlington, Jim Bozeman of Waukegan, John Reimer of Caladonia and Al Schill of Franksville.

Dropp fell back in the 19th lap when his right front tire started going flat. At that point McKay slipped in behind Robel and started tapping on his back bumper with the rest of the field directly behind.

At the finish it was Robel first to the finish line in 7:49.62 followed closely by McKay, Cameron and Loomis.

Reimer set fast time for the evening with a 14.48 lap. Bozeman turned in second fastest time in a borrowed car and Schill was third quickest.

Loomis started off winning the trophy dash with Larsen, Don

Schuppel and Schill winning the heat races.

The hobby stock races were wild and wooly again with two fires and numerous crashes slowing the progress. The most spectacular accident came in the first turn with Cora Morton of Zion, Chuck Belcher of Park City and Jim Dean of Waukegan in a heat race accident.

In the feature race George Garrett of Zion and Chuck Clark of Waukegan tangled with Clark's car hitting the wall and catching on fire. Clark was not hurt but his car was seriously damaged. Chuck Chadwick of Barrington came home the hobby feature winner with Joe Kristan of North Chicago second and George Triplett of Lake Villa third. Chadwick and Clark won the heat races.

Little League Season Comes To A Close

The Antioch Little League will be traveling to Wrigley Field for some of that "Cub Fever" this Saturday, Sept. 6.

The boys are to wear their uniforms, carry a sack lunch, and meet at 8:30 a.m. sharp at the Little League field.

The Babe Ruth players are also invited along. Buses will be provided, and the boys will be accompanied by their managers and coaches.

At a recent meeting, the managers voted on holding the annual banquet in September. It is not known at this time who the speaker will be.

On behalf of all the Antioch Little League we would like to take this opportunity to especially thank Mayor Toft and all the board members who made it possible for the lights. We know more parents were able to see the ball games because of the late starting time. Now if we can control the mosquitoes we'll have all the problem licked. They really are fierce about 9 p.m.

A round of thanks and praise to all the officers, managers, coaches, and parents for a very successful season.

In the near future there will be an election of officers. Watch this paper for time and date.

Burgan Victor Of Feature

Lake Geneva, Wis.—Dennis Burgan of Wadsworth won the 30 lap late model feature to add still another victory to his long list run up at the Lake Geneva Raceway. This time he took the lead on the 20th lap when Mel Schneiderman's car lost a wheel on the main straightaway. Finishing behind Burgan in close order were Bob Anzinger, Harv Dunbar, Gene Sisk and Vern Brown.

Burgan, who was named driver of the week on MotorSports International Television Show just last week, also won the time trials with a fast lap of 17.94 seconds.

Heat race winners were Ken Carey, Schneiderman, Dunbar and Anzinger. In the Spectator Stocks, Gil Schills is also running up an impressive column of victories as he added time trials, his heat race and the feature to his victories. Heats were won by Frank Bedd and John Riedel.

Bergsma Winner at Geneva

LAKE GENEVA, Wis.—Ron Bergsma, the hemi Plymouth pusher from Richmond, led a fast hard charging field to the checkered flag at the Lake Geneva Raceway on Sunday night. He also won a heat race but it was Roger Otto, Burlington, who set the fast time of 16.98 seconds.

Crawling Bergsma at the finish were Denny McKay, Elgin, Otto, Tom Anderson and Ken Monroe, Pell Lake. Monroe's own modified car had failed him on the previous night and he went to the Walworth County Fair and borrowed the display car belonging to Whitey Harris of Lake Villa.

The Pursuit was won by Ron Bidlack ahead of Allen Kautz and Bob O'Haver. Heats were won by Kautz, Jim Bozeman, Bergsma and J. Dodd.

Sportsman Stock car events were equally close as Roger Redenus won the feature and his heat. Frank Adams set fast time and heats were won by Gary Schultz, Redenus, Fran Baumgartner with Bill Howland getting the semi-feature win.

Go-Karts again provide the bonus action during the intermission and helped in bringing out a strong crowd in spite of the County Fairs in the area.

Duck, Snipe Season To Open November 1

Duck and snipe hunting seasons in Illinois will open Nov. 1 and close Nov. 30, with shooting hours from sunrise to sunset.

The basic daily bag limit on ducks is four, but must not include in combination more than two mallards, one canvasback or one redhead, or two wood ducks.

The basic possession limit is eight. It is not to include in any combination more than four mallards, one canvasback or one redhead, and four wood ducks.

The daily limit on mergansers is five and ten in possession. Of these, one daily and two in possession may be hooded mergansers.

The daily bag limit on coots is ten and 20 in possession. The limit on snipe is eight daily and 16 in possession.

Ray Young Wins 100 Lap Feature

Waukegan, Aug. 31—The Sunday night racing season came to a tremendous conclusion Sunday night as Ray Young of Dolton won the 100 lap late model super stock feature at the Waukegan Speedway. For his outstanding performance, Young took home over twice as much money as any other driver has ever won on a Sunday at Waukegan, late model or modified.

For Young, who took the lead on the 19th lap, it was his first 100 lap win at Waukegan. In total this marked Ray's 12th feature of the season at Waukegan, most of them coming on Sunday nights. The points collected Sunday night put Young so far in front that he will definitely be the 1969 late model champion at the Waukegan Speedway.

Young's nearest competitor is Bob Roper of Chicago who is 304 marks behind and only 240 points can be won by any driver.

The night started out with three drivers trying for fast time, each with near records: 14.76 laps. Young turned the time first and received fast time money with Bob May of Gurnee, next and Jim Cossman third.

The large crowd was thrilled by Elmer Musgrave of Munde-

lein passing Roper in the final lap to win the trophy dash with May right on his bumper. Bud Herman of Barrington passed Jim Cossman of Grayslake in the final lap to win the opening heat.

The last heat was another thriller as Vern Browne of Waukegan lead through two restarts with a top notch field in close pursuit. Mike Wolf crashed midway in the even after losing a wheel and seriously damaged his car. With two laps to go Dennis Burgan of Old Mill Creek took the lead, but one lap later Jim Cossman of Waukegan shot in front for a spectacular win.

The stage was set for a fabulous feature with 18 cars taking starter Jim Gedville's green flag. Al Guiche of Pleasant Prairie opened up a nice lead in the early laps. By the 5th circuit he was followed by Scott Moore of Mundelein, Roper, Brown, Musgrave, May, Young, and Cossman in close order.

In the 9th lap Moore spun off Roper's bumper and the leaders scrambled with May and Young shooting through the accident. The yellow flew for one lap as Moore restarted his stranded car.

Roper Wins Feature

Waukegan, Aug. 30—Bob Roper of Chicago held off a stiff challenge midway in the 50 lap feature to win his 9th main event of the season Saturday night at the Waukegan Speedway. Young finished second with Elmer Musgrave of Mundelein taking third money.

Bud Herman of Barrington paced the late models for the first action-packed lap of the feature with the cars jostling for position. Rich Sundling of Chicago grabbed first spot at the start of the second lap with Mike Wolff of Lake Villa streaking into second and Roper already up in third from his fourth row starting position.

In the 5th lap Sundling's new car suffered an ignition failure with Roper grabbing the lead followed closely by Young, Wolff, Frank Cabrera of Chicago, Jim Cossman of Waukegan and Musgrave.

Musgrave, last Saturday's feature winner, moved into third spot on the 10th lap, but never could close the gap on the leaders. Meanwhile Young took nearly a dozen laps to catch Roper. From the 20th through the 40th Young clung to Roper's rear bumper waiting for one false move by the leader. Although Young occasionally slipped a fender on the inside of the leader's car, Young fell back in the closing laps taking second money. Musgrave finished third followed by Cossman and Bob May of Gurnee. Cabrera held on for sixth money right in front of young Scott Moore of Mundelein.

Unofficially, it looks like Moore and May are in a head-to-head duel for "Most Improved Driver of the Year Award." Saturday Moore bested Musgrave and Cossman in an extremely close trophy dash, but May collected enough points with fourth fastest qualifying time, third in his heat and fifth in the feature to shoot up to 10th place in the championship point standings. Moore ranks 14th.

Jim Cossman, defending late model champion, had a good night, setting fast time, and running second in the hotly contested feature. In that heat Young came home the winner taking the lead with one lap to go after Wolff and Roper set the pace during the early laps.

Bob Klemm, last year's hobby stock champion, won the hobby feature race in easy fashion for his first win since July 5. The

Racing Ends Saturday

WILMOT, Wis.—The 1969 season of modified stock car racing will end this Saturday night, Sept. 6, at the Kenosha County Speedway in Wilmot. Roger Otto won the Championship race last Saturday night and although points continue through this Saturday night, Otto has enough points to assure the champion's title.

The runner up spots are very much in doubt and with the rich point fund accumulated by IRA, this will be a very important race night for drivers Bill Bohn, Kenosha, Al Schill, Franksville, Eddie Loomis, Waukegan, and Ron Bergsma, Richmond.

The night will be a super-wind-up for the 1969 season and following the final race fans will be permitted to take their cars from the parking lot to the track and slowly make a lap around the famous oval in a final farewell to the 1969 season. Previously, they will see a final parade of the superfast modifieds in the final point standing order that will be led by Otto the Champion.

Many new plans are already under way for the Kenosha County Speedway's 1970 season. New seating will be added and an entirely new type of program is being studied by the Interstate Racing Association Officials.

Gurnee pilot beat Cliff Burdette of Sturtevant and Don Leicht of Zion to the checkered. Leicht bested Klemm in their heat.

May and Young raced bumper to bumper as they closed in on the leader. Finally in the 16th lap they both stopped by Gutche. Then in the 19th lap as May's brakes started to fail, Young first moved into the lead.

At 25 laps the standings found Young in the lead closely followed by May. Then came Roper, Cossman, Burgan and Musgrave. One lap later Roper took second and shortly thereafter May retired from the race.

Musgrave made his move at this point closing in on first Burgan and then passing Cossman in the 44th lap for third place. Although both Roper and Musgrave both closed in on Young in the final 50 laps, Young took the win by six car-lengths. Cossman followed Roper and Musgrave with Burgan running fifth.

It is a tribute to the fine machinery that runs at the Waukegan oval that 16 of the original 10 starters finished the 100 lap grind and that the yellow flag was displayed for only one lap.

Jim Dean of Waukegan won his first hobby stock feature with George Garrett of Zion, a close second. Heat races were won by Homer Scott of Libertyville, Al Thorpe of Kenosha and George Triplett of Lake Villa.

The next racing at the Waukegan Speedway will be next Saturday, "No-Brains" the clown will be back and free candy will be given to all of the children coming to the races.

Only Saturday night racing will be held through September. A special Fall Championship for both late models and hobby stocks is scheduled for Saturday night, September 13.

Smithberger Named PR Head Of PMA

Andrew W. Smithberger has been named director of information for Pure Milk Association effective Sept. 1. A. L. McWilliams PMA general manager, announced today.

Smithberger, 37, succeeds Bronte H. Leicht, who has reached the maximum retirement age and will retire as PMA director of press relations. Leicht held the position for 11½ years.

A 1954 graduate of Purdue University School of Agriculture, Smithberger has served the past six years as supervisor of member relations for PMA. His membership responsibilities included extensive assistance in publicity and public relations and supervision of youth programs and dairy promotions.

Prior to 1963 he was for five years a member of the PMA field staff at Bloomington, Ill., and Watertown, Wis.

He served two years, 1956-58, with the U. S. Army, on assignment with the 38th Anti-aircraft Artillery Missile Battalion, headquartered at Ft. Monroe, Va.

He and his wife, Beverly, live near Elmhurst, Ill. They have three children: Stephen, 10; Kathleen, 8; and David, 5 years of age.

The position of supervisor of member relations has been filled by Arthur J. Vanthournout, Jr., Geneva, Ill., according to McWilliams.

Vanthournout, 38, joined Pure Milk Association in 1963 as a member of the PMA members' service field staff and has worked the past six years throughout northeastern Illinois. His membership duties have made him familiar with the entire PMA area of Illinois, Indiana and Wisconsin.

Before joining PMA he was a farm bulk tank driver for Pike Dairy at Aurora for 12 years—another excellent contact with dairy farmers.

Vanthournout grew up on a dairy farm in the St. Charles area. He attended St. Patrick grade school at St. Charles and St. Charles high school.

He and his wife, Dorothy, will continue to live in Geneva, Ill. They have three children: Stephen, 17; Jeffrey, 13; and Lynn Marie, 8 years of age.

Four Couples Compete For PMA Contest

Two Illinois farm couples and two from Wisconsin were named finalists Tuesday in a leadership contest in which 18 young couples from those states and Indiana competed in Chicago for the 1969 title of outstanding young dairy couple of Pure Milk Association.

A. L. McWilliams, general manager of Pure Milk Association, announced that the Illinois finalists are Mr. and Mrs. Ronald A. Aves, Rt. 2, Belvidere, and Mr. and Mrs. Kenneth A. Misener, Rt. 1, Mazon.

The finalists from Wisconsin are Mr. and Mrs. Thomas H. Houfe, Rt. 2, Edgerton, and Mr. and Mrs. Philip L. Peterson, Rt. 1, Oregon.

Judges will visit the farms of the finalists. They will then select the winning and runner-up couples who will be announced and introduced at the annual fall delegate meeting of Pure Milk Association, Sept. 20, at Pleasant Run Lodge near St. Charles.

The winning and runner-up couples will represent PMA as National Young Cooperator delegates at the annual convention of the National Milk Producers Federation in New Orleans, La., Nov. 30-Dec. 4. The purpose of the Young Cooperators program is to recognize and build leadership among young members of dairy farmer cooperatives.

Lake County Swimmers Are Champs

On Tuesday, August 19, the Lake County Farm Bureau swim team captured the team championship at the State Farm Bureau Swim Meet held in Springfield.

Of the 35 events, Lake County won 22, broke records in 14, and finished 1-2 in 5.

The local youths competing were Barb and Bob Dodd and Mary Kay, Jim and Frank Vorkies, of Lake Villa. Bob Dodd, competing in the 11-12 age group, was fourth in the 50-yard free stroke and 50-yard breast stroke, and swam on the winning 100-yard free-stroke team, which clipped four seconds off the previous record.

Mary Kay Vorkies and Barb Dodd, swimming in the 13-14 age group, placed second in the 50-yard breast stroke and fourth in the 50-yard back stroke, respectively. Frank Vorkies placed second in the 15-16 age group 75-yard breast stroke.

Jim Vorkies, competing in the same age classification, was second in the 75-yard back stroke and swam on the record-setting 200-yard free-style team.

The team was organized by Doug Dodd, of Antioch, and consists of swimmers throughout Lake County.

Turn Signal Failure Is Irritating

One of the most irritating things you encounter day in and day out is the failure of another driver to signal a turn or lane change, states the Lake County Safety Commission.

Of course, it's more than irritating. Failure to signal a turn or lane change is a frequent accident-causer and near accident-causer, too.

A good defensive driver can and does avoid this kind of hazard by anticipating such movements.

On multi-lane roads expect a lane change from any vehicle at any time without a signal. If a vehicle slows as you near a turnout on any kind of road, be prepared for an unsignaled turn.

The key to avoiding such traps is maintaining a safe following distance so you'll be able to brake safely no matter what happens ahead of you.

Never change lanes without first indicating your intentions by the turn signal. Illinois law requires that a turn signal must be given before changing lanes.

CAST Presenting Cultural Course

Beginning Tuesday, Sept. 9, from 9:15 to 9:45 a.m., Channel 20, and Wednesday, Sept. 10, from 2:11 to 2:41 p.m., Channel 11, CAST (Chicago Area School Television) will present "Cultural Understandings."

This intermediate grade instructional television course has never before been seen in the Chicagoland area and ought to relate to its viewers topics of vital concern.

The telecourse is designed to increase understandings of the cultural heritage, attitude and contributions of—and opportunities for achievement by—four minority ethnic groups in the United States. Each of the ethnic groups—Asian American, American Indian, Spanish American and American Negro—is presented in the series with a three-program unit. There are also excellent introductory and summary lessons. As each of these four ethnic groups are found living in our metropolitan area, this telecourse would be quite timely and significant.

Health Concerns 4-H Youth

A group of hand-picked 4-H teenagers representing nearly every state recently held a three-day workshop in Washington, D.C. on major health problems of youth throughout the United States.

The 4-H'ers are especially interested in health because everyone of the 3½ million members has "pledged my health to better living." The fourth H in the 4-H emblem represents "Health."

Their prime concern is to learn more about the widespread use of narcotics among students; what lies ahead for boys and girls who start smoking as young as 10; why 1 out of 15-16 is a potential alcoholic; and why so many teens are mentally ill, resulting in the high incidence of suicide among them.

The national 4-H Health program was set up years ago by the Cooperative Extension Service so that children would become aware of the importance of sound physical and mental health for themselves.

Establishing every-day habits of good health is No. 1 on their list. Personal projects cover many aspects including safety, sanitation, poisons, and other hazards common to home and community.

At the end of the 4-H Club year, health projects are summarized by the members, and evaluated by local 4-H leaders and extension Service personnel. The most outstanding individual projects are then considered for various awards provided by the health program sponsor, Eli Lilly and Company of Indianapolis, Ind.

Awards for each state are the same. The 4-H'er who completes the most noteworthy project will be a delegate to the National 4-H Congress held in Chicago, all expenses paid. Honor medals go to the four highest ranking members in the county. State and County certificates of merit also will be awarded to the clubs reporting exceptionally fine health programs.

Seven national winners will be selected from among the 1969 state champions, and each will receive a \$600 scholarship. At the conclusion of the 4-H congress, these seven young men and women will leave Chicago for a day's tour of the Eli Lilly plant before returning to their homes.

Warden Warns To Keep Pets At Home

"Most of the arrests, prosecutions and fines, not to mention the headaches, heartaches, and emotional upsets connected with pet problems could be avoided if people would only abide by the ordinance and keep their animals on their own property."

That was the summary of Lake County Animal Warden S. Linc Garwood and his two deputies picked up over 2,100 domestic and wild animals in the unincorporated areas of Lake County last year. His department has handled over 3,000 calls since the first of this year.

With dog days in progress, Garwood said it is particularly important during this season to make sure every pet has been inoculated against rabies. There were 493 reported dog bite cases in the unincorporated areas in 1968.

He said, "Our toughest job is to get cooperation from people to keep their pets from running loose. If we could sell them on that, we wouldn't have half the bite cases we do."

World Academy was organized in 1969 by Hyde, a former Fine Arts professor at the University of Cincinnati; Merlin V. Fish, former assistant vice president of Cincinnati's Provident Bank; and Anna M. Campana, a well-known Niles, Ohio, educator who has traveled to Europe over 18 times and who has received the Valley Forge Medal for Teaching Americanism.

The Academy currently has a full-time Cincinnati staff of over 60 people in addition to 500 area admissions personnel across the United States. A full-time director of planning is in Geneva, Switzerland, and supervises the activity of six Academic agents.

FUNERAL NOTICES

HARRIET C. EHRLICH

Mrs. Harriet C. Ehrlich, 84 years old of Paddock Lake, Wis., passed away suddenly Thursday, Aug. 28, at her home.

She was born Aug. 23, 1885 in Jefferson City, Mo., moving to St. Louis as a child and then to Chicago. She had lived permanently at Paddock Lake since 1934 but had spent summers there for many years before. She was a member of the Silver Lake Baptist Church and Missionary Society of that church.

She was preceded in death by her husband Ralph Ehrlich in 1964. Survivors are two daughters, Mrs. Paul (Jewell) Latner, Mt. Prospect, Ill., and Mrs. Edward (Bernice) Horton, Ft. Wayne, Ind.; one brother, Leslie Reed, Murphysboro, Ill.; two sisters, Mrs. Oliver (Eula) Hague, St. Louis, Mo., and Mrs. Fred (Eugenia) Van Kranenburgh, of St. Louis, Mo.; six grandchildren and 12 great grandchildren also survive.

Funeral services were held Saturday, Aug. 30 at 1:00 p.m. at the Strang Funeral Home, 1055 Main St., Antioch. The Rev. Robert Mason of the Silver Lake Baptist Church officiated. Interment was in Arlington Cemetery, Elmhurst. Friends desiring may make contributions to the Silver Lake Baptist Church in her memory.

LILLIE ALBERTIE ROGERS

Lillie Albertie Rogers, 90 years old of Camp Lake, Wis., formerly of Antioch, passed away Saturday, Aug. 30, in the Silver Lake Nursing Home. She was born June 17, 1879 at Grass Lake, Antioch, and has lived in this area all of her life. She was a member of the Antioch Methodist Church, the Royal Neighbors of America, Olson Camp 459 of Antioch.

She was preceded in death by her husband Leslie Rogers on Feb. 28, 1950 and one son, Raymond Rogers in 1954. She was also preceded in death by two sisters, Mrs. Nellie Woolner on Aug. 17, 1969 and Edith Dowell in Nov. 1964.

Survivors are one daughter, Mrs. Russell (Vivian) Breul, Camp Lake, Wis., three sons, Lisle Rogers, Antioch, Vernon Rogers, Tucson, Ariz., Lewis Rogers, Antioch; six grandchildren, and 19 great-grandchildren also survive.

Funeral services will be held Friday, Sept. 5 at 1:00 p.m. in the Strang Funeral Home, Antioch. The Rev. Donald Cobb of the Antioch Methodist Church will officiate. Interment will be in Angola Cemetery, Lake Villa. Friends may call in the funeral home after 3:00 p.m. Thursday.

Call 395-4111 to place a Society or News Item.

Future of Motoring Is Meeting Theme

More than 1,000 officials and delegates, representing affiliated motor clubs in the United States and Canada, will attend the American Automobile Association's 67th annual meeting Sept. 8-10 in Chicago's Palmer House.

The announcement was made by Gerald W. Cavanagh, president of the Chicago Motor Club AAA a member of the AAA's executive and policy committees.

Organized in Chicago in 1902, AAA originally consisted of nine auto clubs with a combined membership of about 1,000. Now, with some 12 million members, it is the world's largest motoring organization, Cavanagh said.

Attention at this year's meeting -- first in Chicago since 1953 -- will be focused on motoring and travel needs of the future.

Delegates to the convention are presidents, directors and managers of 840 AAA-affiliated motor clubs as well as experts in the touring, travel, highway and traffic safety fields.

Guest speakers include executives in the travel industry.

Welcoming the delegates will be Chicago Mayor Richard J. Daley, whom Cavanagh, president of the host motor club, will introduce.

Township Officials Set Annual Picnic

The Lake County Township Officials Association will hold its Fourth Annual Picnic on Sunday Sept. 7 at 12 noon in the newly opened Lakewood Forest Preserve near Wauconda.

YOUTH AT COLLEGE

Denis James Pleviak, 209 Cedar Ave., Lake Villa, Ill., is a member of the 450-student freshman class at Lewis College—a 2,400 student liberal arts institution in Lockport, Ill., 40 miles southwest of Chicago.

Denis begins his coursework September 4 on the 670 acre campus.

MAKE YOUR EARNINGS EARN MORE FOR YOU

How many times are you being paid—for your contributions to the American Economy?

It may come as a surprise, but under our free enterprise system, the number of times that you are paid is largely up to you.

If you work as an employee of a company, you'll be paid at least once—in wages.

If you put part of your wages into a savings account, you'll be paid again—in interest.

And if you put part of your savings into investments, you may be paid once more—in dividends.

That's why a growing number of thoughtful Americans save regularly and invest a large part of their savings—in a home or farm or in their own business, in insurance pension funds, and carefully chosen securities. When you do that, it pays off two ways. First, in making you and your family more secure. Second, in making your country prosper and grow.

So make the free enterprise system pay off for you. Save regularly. Invest wisely. And make your earnings earn more for you.

HOW TO SALUTE THE FLAG

All good citizens respect our flag and render it the courtesies to which it is entitled by displaying it properly and saluting it on appropriate occasions. Highest honors are rendered to the national flag by all branches of the armed forces and the

The second disagreed, describing it as lovely lacy green. The third declared its blossoms were as beautiful as the rose.

The fourth said all were wrong. "Its fruit was like a pear."

"Each is right," the king said, "for each of you saw it in a different season."

And so it is when we view another's actions. We should withhold judgment until we are certain we've seen "The tree in all its seasons."

HOW TO BE A FAILURE

Forget what Arthur Guiterman said: "God, give me hills to climb, and strength for climbing!"

Forget what Alexander Graham Bell said: "Don't keep forever on the public road, going only where others have gone. Leave the beaten path occasionally and dive into the woods. You will be certain to find something you have never seen before. Follow it up. One discovery will lead to another, and before you know it, you will have something worth thinking about. All really big discoveries are the result of thought."

It's easy to place a classified—Just dial 395-4111.

When's the last time you got goose bumps when they played the Star Spangled Banner?

It's been a while, right? Well, then you're like a lot of us.

It seems that many of us are too grown-up to get excited about things like the Star-Spangled Banner any more.

You could almost say that patriotism makes us feel embarrassed.

Besides, it's hard to really feel patriotic when you hear so much about how this country is falling apart.

But, of course, America still has a Bill of Rights.

And free elections.

An incredibly high standard of living.

And a free enterprise system that lets you hitch your wagon to any star you want.

And plenty of other things you can't find anywhere else in this world.

Know what? Looking at it that way, America deserves a lot more credit than it's been getting.

One of the best ways to give this country the support it deserves is to buy U. S. Savings Bonds.

They strengthen the country so that it's better prepared to solve its problems.

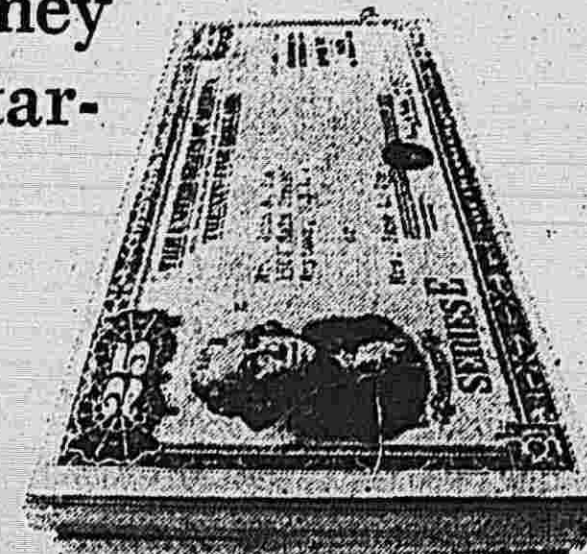

And they happen to be one of the best ways to provide for your own welfare.

The interest is exempt from state and local income taxes. And you don't have to pay Federal tax until you cash your Bonds.

Buy U. S. Savings Bonds through the Payroll Savings Plan where you work. Or at your bank.

It'll give you a good feeling.

And a perfect excuse for getting goose bumps the next time they play the Star-Spangled Banner.

If they're lost, stolen, or destroyed, we replace 'em.

KEEP IT CLEAN

By Virginia M. White

DEAR MRS. WHITE: My
white swim suit is now yellow.
How can I restore it? MISS
K. M.

DEAR MISS K. M.: Storage
caused the yellowing. Boil for 1/2
hour in a solution of at least
1/2 cup NON-chlorine (perbo-
rate) bleach. Then launder as
usual.

DEAR MRS. WHITE: How
can I remove grass stains from
my son's baseball uniform?
HURRIED.

DEAR HURRIED: Pretreat
the stains with heavy duty liquid
laundry detergent and brush
into areas briskly. Let stand 20
minutes. Launder in very hot
water adding 1/4 cup detergent
and a 1/4 cup liquid super
cleanser.

DEAR MRS. WHITE: My
young daughter has gum on the
front of her dress. PLEASE
HELP!

DEAR PLEASE: Rub an ice
cube over the areas until gum
hardens. Scrape off as much as
possible with dull knife. Apply
dry cleaner to remaining grease
spots. Launder as usual.

DEAR MRS. WHITE: Help!
I placed white cloths in dryer,
now have green and white
spotted clothes from crayola
melted throughout. HARASSED.

DEAR HARASSED: Saturate
areas with glycerine—allow to
stand 1 hour to loosen. Launder
in heavy suds. 1/2 cup Miracle
White Super Cleaner, very hot
water. You may have to repeat
the process. Check pockets and
dryers in future to avoid this
tedious chore.

Get a free stain removal chart.
